

Libraries Change Lives

Internet – Getting Started with the Internet

- 2. There are two ways to use the internet.
 - a. Type in what you're looking for:

Example: 'Melbourne weather today', 'Gmail login'

This is called a 'search' – typing in search words.

b. Type in a website address directly:

Example: http://www.bom.gov.au/vic/forecasts/melbourne.shtml

Use this method if you know the specific website address and it will take you to the website connected to that address.

Libraries

4. If there is text already in the **Location Bar** remove it by pressing the small '**X**' on the right of the bar.

Now type in what you are looking for and press the blue **Go** button or press **Enter**.
