

iPad – Inserting SIM Card

1. **Locate your SIM tray.**

2. **Open the SIM tray.**
Insert the SIM-eject tool or paperclip into the small hole beside the tray. The tray will then pop open.
3. **Place the SIM card into the tray.**
Make sure you match the shape of the SIM to the shape of the tray.

4. **Push the SIM tray back into the iPad.**
5. **Now you are ready to set up your iPad – refer to fact sheet.**
