

Android Devices - Deleting Apps

1. Swipe up to get to the **App Drawer**. Find the **App** you want to **Delete**.

Note: Deleting an app from the **home screen** will not remove the app from your phone. It will just remove the **shortcut** from the home screen.

2. **Tap** and hold the **App** to open the menu. Tap **Uninstall**.

3. The **App** will no longer be on the device. To download Apps See **Factsheet - Android Devices - Downloading Apps**.
